

# Oliver Soeser

[hello@oliversoeser.com](mailto:hello@oliversoeser.com)

I am a hard-working student looking for an internship in the summer of 2025.

## Work History

### Intern (Summer 2023)

As an intern for ElectricArts Werbeagentur GmbH, I reformatted a translation database, to move data from an app's front-end to a back-end server.

### Intern (Summer 2021)

As an intern for ElectricArts Werbeagentur GmbH, I worked on implementing a website and personally coordinated a team developing a unique project.

## Education

### The University of Edinburgh (2023-2027)

Computer Science and Mathematics (BSc Hons)

#### Extracurriculars

- Counting Agent: Working until the late hours at Edinburgh's 2024 UK General Election count.
- Tutoring other students: Clearly explaining a range of advanced concepts and producing concise study notes in  $\text{\LaTeX}$ .
- Representing students: Vice-Chairing a student society and representing the university at the NUS conference.
- Political canvassing: Gaining confidence and communication skills interacting with the public.

### Brockenhurst College (2022-2023)

A-Level Mathematics, Computer Science, and Politics: A\*A\*A\*.

Despite a delay, starting in January 2022 instead of September of the previous year, and the challenges of immigrating to the UK, I quickly rose to the top of my classes and won several awards, as well as Gold in the UKMT's Senior Maths Challenge.

## Projects

For a selection of my past and present projects, visit [www.oliversoeser.com](http://www.oliversoeser.com).

## Skills

- Bilingualism, being a native German speaker and a fluent C2 English speaker.
- Experience programming in Python, C++, C#, Java, JavaScript, and Haskell.
- Team leading, which I learnt working for ElectricArts Werbeagentur GmbH.
- Communication, a skill I have honed in my extracurricular activities.
- Time management, which has been an essential skill throughout my studies.
